

Decomposition: Make a snowman (Answers)

Name: _____

Class: _____

Look at the following images showing a child making a snowman. The images are not in the right order.

			
Roll a ball of snow	Put on the hat and scarf	Build the snowman	Add eyes and buttons
			
Add twigs for arms	The finished snowman	Add the carrot for a nose	Shape the snowman

Write the titles of the images in the correct order to make a snowman.

1. Roll a ball of snow	
2. Build the snowman	
3. Shape the snowman	
4. Add eyes and buttons	These 4 items (4 – 7) can appear in any order but this order matches the images shown
5. Add twigs for arms	
6. Put on hat and scarf	
7. Add the carrot for the nose	
8. The finished snowman	

Identify ONE of those images and write further instructions to break down how to complete that one task.

What is the instruction you are breaking down into smaller tasks?

Student's answers will differ, but they should pick one of the titles shown above

Use the space below to identify the steps to perform that one task.

Student's answers will differ, but they should be sensible and break down the task they have identified into smaller steps
